

Banta Asset Management, LP (“we,” “our,” or “us”) is registered with the Securities and Exchange Commission as an investment adviser. Brokerage and investment advisory services and fees differ, and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

What investment services and advice can you provide me?

We offer investment advisory services to retail investors, such as you, through the management of your separate account. As part of our standard services, we monitor each account on an ongoing basis. Each client receives a written statement from the custodian that includes an accounting of all holdings and transactions in the account for the reporting period. We do not routinely provide additional reporting except upon a client’s request. Our authority to manage a retail investor’s account is discretionary, which means that you authorize us to select the identity and amount of securities to be bought or sold, subject to your chosen strategy and stated investment objectives. For most retail investors’ accounts, we primarily purchase exchange-traded funds (“ETFs”). When determined appropriate by us, we will also purchase publicly traded equity and debt securities. Our minimum account size is \$500,000 and we generally combine family accounts to meet the minimum. We also offer financial planning services, which focus primarily on retirement planning, retirement plan allocations and investments. Limitations on investments typically include limitations by plan sponsors and client-imposed limitations.

Additional Information: Please also see Items 4, 7 and 13 of Form ADV, Part 2A.

Conversation Starters - Ask your financial professional:

- **Given my financial situation, should I choose an investment advisory service? Why or why not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?**

What fees will I pay?

We charge a fee based on the total assets in your account. This fee, which is payable quarterly in advance, generally ranges from 0.25% to 2.00% annually based on the scope and complexity of the services provided to the client. The more assets there are in your account, the more you will pay in fees, and we may therefore have an incentive to encourage you to increase the assets in your account. Our fee does not include (and you will pay separately) any applicable charges imposed by custodians, brokers and other third parties such as brokerage commissions, transaction fees, custodial fees, wire transfer and electronic fund fees, and other fees and taxes on your account and on the securities transactions in your account. Money market funds, mutual funds, and ETFs also charge their own internal management fees. Fees for financial planning services are generally included in our advisory fees for Investment Management Services clients. Non-Investment Management Services clients will be charged a fixed fee depending on the scope of the services requested or invoiced at the rate of \$350 per hour for our Financial Planning Services.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. *Please also see Item 5 of Form ADV, Part 2A.*

Conversation Starter - Ask your financial professional:

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Schwab Advisor Services (“Schwab”) makes an economic benefit available to us in the form of the support products and services they generally make available to independent investment advisers whose clients maintain their accounts at Schwab. These products and services, and the conflicts of interest they create if/when we utilize them, are described further in Item 12 of our Form ADV, Part 2A brochure. We do not base particular investment advice, such as buying particular securities for our clients, on the availability of Schwab’s products and services to us.

Additional Information: Please also see Items 10-12, 14 of Form ADV, Part 2A.

- **How might your conflicts of interest affect me, and how will you address them?**

How do your financial professionals make money?

Each of our financial professionals has an ownership interest in the firm and participates in company profits. Some of our financial professionals also earn compensation from outside business activities such as trustee services. For more information regarding these activities, please refer to Item 10 of Form ADV, Part 2A and your financial professional’s Form ADV, Part 2B Supplement.

Do you or your financial professionals have legal or disciplinary history?

No, we do not. You may visit Investor.gov/CRS for a free and simple search tool to research us and our financial professionals.

Conversation Starter - Ask your financial professional:

- **As a financial professional, do you have any disciplinary history? For what type of conduct?**
